

INTERNATIONAL PERSONAL PROPERTY RATE SOLICITATION I-14

CHAPTER VI - VOLUME MOVE PROCEDURES

Item 600

Purpose

These instructions provide procedures for the competitive solicitation of volume move rates, to include U.S. Army COHORT moves, for personal property shipments, both HHG and UB.

Item 601

Criteria for Use of Volume Move Rates

Volume move procedures will apply under the following conditions:

- a. Estimated tonnage consisting of one or more of the following:
 - (1) HHG totaling 200,000 net pounds for military and civilian personnel.
 - (2) UB totaling 50,000 gross pounds for military and civilian personnel.
 - (3) PPSOs having special operational requirements may request a volume move for lesser amounts (for example: U.S. Army COHORT moves, base closure, etc.).
- b. Movement is from one origin (commuting area) to one destination (commuting area).
- c. Movement is normally within a 90-day period.

Item 602

Procedures

The following procedures are applicable to volume movements:

- a. When the above criteria exists, the responsible PPSO is required to submit a request via message, email or facsimile to HQMTMC providing appropriate information. Exceptions to Item 601 criteria may be requested, but must have full justification provided as part of the request. PPSOs having special operational requirements will include the information in the request.
- b. HQMTMC will, in turn, request volume movement rate proposals from DOD approved ITGBL carriers via the HQMTMC Website, Personal Property Homepage at www.mtmc.army.mil. HQMTMC may request rates on the basis of a single ITGBL code of service or, if warranted, on the basis of mixed modes and codes of service with or without additional or included services, as specified in the solicitation. The designated date for receipt of rate proposals at HQMTMC will be specified in the rate proposal request. Appendix A to this chapter is the format which will be utilized to solicit volume move rate requests from the carrier industry. Carriers will be required to submit proper and complete information for bids to be considered responsive.
- c. Carriers will provide a rate in response to the HQMTMC rate solicitation prepared and submitted as required herein and in Appendix B to this chapter via facsimile transmission. Facsimile number **(703) 428-3390**, ATTN: **MTTP-PP-R**, will be used. Submitted rates must be error-free, cannot be withdrawn, or corrected subsequent to the designated date, and must be received in HQMTMC, Room **10N35**, International and Domestic Rates Section, prior to the designated date. Rates received after the

INTERNATIONAL PERSONAL PROPERTY RATE SOLICITATION I-14

designated date will be considered non-responsive and will not be accepted. Uniform tenders are not desired and should not be submitted unless specifically requested pursuant to paragraph g below.

d. The SFR will be an exception to and will not cancel any rate currently filed with HQMTMC for the account of DOD between the same points. The alternation clause will apply and rates submitted must be lower than other rates on file for similar traffic to be considered responsive. The SFR will include all services stipulated in Chapter IV. Other rates and/or charges applicable to shipments of the volume movements shall be in accordance with Chapter V of this solicitation.

e. In addition to rates and charges, the rate tender shall include:

- (1) The percentage of the total volume move tonnage to which the rate is applicable.
- (2) The amount of tonnage expressed in pounds per day that can be picked up at the rate submitted.
- (3) The name and address of carrier's agents at origin and destination.

(4) In the event operating authority limitations require the use of one or more interlining carriers, the rate tender shall be submitted by the carrier responsible for shipment pickups at origin.

f. Carrier will provide containers. Carrier will provide for block surface movement and will provide proposed manifest data, i.e., name of vessel, departure, and arrival dates. Carrier will accept consolidated PPGBLs.

g. HQMTMC will evaluate all competitive rate offers received from carriers and consider alternative shipping methods. When the ITGBL method is selected, carriers offering the lowest overall costs consonant with the required service will be notified of acceptance of their offer. Acceptance of rates does not guarantee any offer of tonnage. Telephonic responses will constitute an agreement with the carrier that its rate is accepted. Such notification binds the carrier to a rate commitment. Alternate carriers will have the option to withdraw their volume move rate if they do not desire to participate in overflow traffic. The carrier will confirm the rate with a uniform rate tender to HQMTMC within 7 days of the dispatch of notification. The uniform rate tender must be prepared precisely as specified in Appendix C to this chapter. Deviations are not permitted. Deviations, differences between the uniform rate tender and the rate, and/or errors may cause the uniform tender to be returned to the carrier for correction and resubmission.

h. PPSOs will maintain a separate TDR for volume move tonnage. Tonnage will be distributed to the lowest overall cost carrier that can provide the required service, based upon:

- (1) The percentage that can be handled daily.
- (2) The percentage of total tonnage that can be handled.

PPSOs will continue to tender shipments to the low-cost carrier to the extent of the carrier's ability to service the shipments even though the volume may exceed the maximum percentage stated by the carrier.

i. PPSOs will provide routing instructions for Codes 5 and T shipments. This routing will be perpetuated in the solicitation to carriers. In the event a shipment is offloaded at a port other than the port designated in block 13, the provisions of this solicitation regarding alternate ports will apply. Adjustments to the rate will be authorized, when appropriate, in accordance with established procedures.

INTERNATIONAL PERSONAL PROPERTY RATE SOLICITATION I-14

j. Uniform tenders will be addressed to the Commander, HQMTMC, Hoffman Building II, 200 Stovall Street, Alexandria, VA 22332-5000. Three copies of the uniform tenders will be furnished and two of the three must be handsigned by an official signature on file with HQMTMC. One copy of the tender will be stamped with acceptance stamp and returned to the carrier. HQMTMC reserves the right, subsequent to the notification of the carrier of the acceptance of the rate proposal and while awaiting the submission of the uniform tender, to tender shipments based on the rate information provided in the rate offer.

k. Rate proposals and uniform tenders submitted in response to rate solicitations will be provided by the exact deadlines and under the exact terms, conditions, and procedures specified. This procedure stands alone, is not influenced by prior practices or procedures, and will not be subject to modification prior or subsequent to the deadlines and acceptances stipulated unless specifically modified by HQMTMC, ATTN: **MTPP-PP-R**, for the benefit of all parties by letter or telegram prior to the solicitation deadline. HQMTMC will not be responsible for late or misdirected rate proposals or uniform tenders which do not arrive at the point specified when caused by any party or parties not assigned to the Special Movements Section. HQMTMC reserves the right to reject any or all offers or waive informalities and minor irregularities in offers received, to negotiate or accept offers without discussion of rates, to nonuse any rate and/or to resolicit rates, and to withdraw and reaward shipments for cause, as required.

l. All accepted rate tenders submitted in response to this solicitation will be available on HQMTMC's website following their acceptance. The controlling PPSO will not be furnished a copy of accepted tenders. Inquiries about any rate proposal or uniform tender should be satisfied by reference to the Personal Property Public File. However, the carrier tendering the accepted rates will be notified their rates have been accepted. Carriers not receiving notification to submit confirming uniform tenders within 7 working days of the specified deadline should assume that its proposal was not accepted. Specific notice of the nonuse of rate proposals will not be furnished.

m. Although no guarantee is expressed or implied, HQMTMC will make every effort to protect the confidentiality of rates submitted in response to solicitations prior to the deadline established.

n. HQMTMC may solicit and receive rates by telephone. When this occurs, the procedures applicable to electronic solicitations and responses will remain unaltered except telephonic communications will be substituted for electronic communications.

Item 603

Mistake in Rate Filing

The general procedures contained elsewhere in this solicitation also apply to these rates. When the low rate carrier determines an error was committed in preparing the rate, and the error warrants the allegation of a MIRF, the carrier may request their award be cancelled within 7 days of award notification. The carrier will provide clear and convincing evidence the error was committed by mistake. HQMTMC will make the determination whether to allow rescission of the rate.

Item 604

Participation

Participation in the volume movement program is strictly voluntary.
