5. FURNITURE, OVERSIZED: No restrictions identified.

6. PETS/QUARANTINE: There is not pet quarantine. **NOTE: Changes effective 4 July 2004.**

- a. **Effective until 3 July 2004.** Pets are admitted into the country without problem as long as they have the necessary shots - rabies for dogs

and parvovirus for cats. An international certificate with proof of current vaccinations is needed. The pet must also have a vet's statement, not older than 3 days before leaving the country of dispatch, confirming the good health condition of the pet. For pets arriving at the Prague Airport, the exact dates of arrival and flight number and (AWB# if transported separately from their owner) should be supplied prior to arrival so that necessary veterinary inspection can be secured immediately upon arrival at the airport. Both systems must contain information that identifies the name and address of the animal's owner. During pack out, the weapons must be checked/compared with the Export permit and sealed by a Customs Officer.

8. **PRIVATELY OWNED VEHICLES (POVs):**

a. **POVs:** The Czech Republic places some limitations on the importation of automobiles. A car can be imported into the country without being registered in the Czech Republic by making sure that the vehicle continues to be registered and properly insured (green card is needed) in a foreign country and maintains that country's license plates. If a vehicle needs to be registered in the Czech Republic, as is customary for DoD personnel, a car cannot be more than 8 years old when it is imported. It is the owners responsibility to prove that the vehicle meets the EURO II emission standard. This can be problematic for a US-MADE CAR. A US-MANUFACTURED VEHICLE MAY NEED TO BE TESTED. If the technical inspection service does not find an identical engine in their computer database, a test must be conducted to see if it meets the standard. This test can cost as much as CZK 9,000. There may be a minimal charge for vehicles whose engine data is already stored in the lab's computer. If a vehicle does not meet the EURO II standard, then NO waiver may be granted and vehicles may not be registered. CONTACT SPONSOR FOR FURTHER INFORMATION ABOUT REGISTRATION AND DRIVING YOU POV.

b. **MOTORCYCLES/MOPEDS:** Motorcycles/mopeds can be shipped in personal property. They are not considered POVs and can be imported duty-free.

c. **GASOLINE/CATALYTIC CONVERTERS:** Vehicles must meet at least the EURO II emission standard. Please note that no waiver for emissions can be granted at all!

d. **INSURANCE/SAFETY REQUIREMENTS:** Vehicles not registered in the Czech must carry liability insurance. If the owner does not have a green card (proof of liability insurance) when registering the car and operating it within the Czech Republic, the owner must purchase a valid liability insurance policy from a licensed insurance vendor. The liability insurance that is customary only covers damage incurred in the Czech Republic. Premium rate for liability insurance currently costs CK 4,700 month. Vehicles registered in the Czech Republic and driving with Czech license plates must purchase liability insurance through local company. CONTACT SPONSOR FOR FURTHER INFORMATION ABOUT LIABILITY INSURANCE.

9. **SEXUALLY EXPLICIT/PORNOGRAPHIC MATERIAL:** No restrictions identified.

10. **STUFFED WILDLIFE/ANIMALS/PLANT RESTRICTIONS:** No restrictions identified.

11. **TRANSMITTING EQUIPMENT:**

a. **CBs AND MARS EQUIPMENT:** No restrictions on importation; however, special permission from the local authorities is required prior to use of these items.

b. **AMATEUR/HAM RADIOS:** No restrictions identified.

c. **DISH ANTENNAS:** No restrictions identified.
